

BAMBOO™ STYLUS duo

Product description

The third-generation Bamboo™ Stylus duo has both a uniquely and responsive carbon fiber nib and a ball point, so you can conveniently switch between your paper notebook and your touch screen device. With its range of trendy colour options and its elegant premium design, it perfectly matches your style.

Key features

- Enjoy smudge-free navigation with a carbon fiber nib, plus a high-quality ball point
- Experience naturally smooth handwriting and sketching – anytime, anywhere
- Choose from a range of trendy colour options in stylish premium design
- Benefit from its compatibility with most tablets, smartphones and touch screen PCs
- Easily replace its highly durable carbon fiber nib or the ink refill if needed
- Comfortably work with Bamboo™ Paper and benefit from Wacom Cloud services

Target group

Our target group consists of socially connected and rather style-oriented consumers with a creative attitude who own one or more touch screen devices – whether media tablet, smartphone or touch screen PC. They love to take notes, to capture ideas or to just doodle around – whether on their touch screens or simply on paper. They need a flexible and simple-to-use stylus that offers a smudge-free way to navigate and a smooth and natural writing experience for both touch screen and paper notebook. And they want their Stylus to perfectly match their personal tastes and style.
